Homeless Lobby Day Recap

- From Health Care for the Homeless/SHARP:
  - On lobby day we joined the Behavioral Health Coalition’s Rally to Keep the Door Open to behavioral health by indexing provider reimbursement rates to inflation and creating access to 24hr crisis services in every jurisdiction in MD. The Keep the Door Open Act was heard in the house on Feb 25th but has not been voted on.
  - This week the House and Senate heard the MD Healthy Working Families Act that would grant sick and safe leave and Maryland workers the right to take time off work when sick.
Homeless Lobby Day Recap

- The Housing Opportunities Made Equal (HOME) Act has been introduced and heard in the house. This is the bill that would deconcentrate poverty by prohibiting landlords from discriminating based on a person’s legal source of income—including Housing Choice Vouchers. The bill has already been heard in the house, advocates expect a vote soon.

- Sent teams to meet with the House Appropriations and Senate Budget and Tax Committees to prevent cuts to critical safety net programs.
Advocated for repealing Maryland’s notorious unit rule that currently states that if one charge within a unit is ineligible for expungement, then no unit is eligible for expungement. Repealing the unit rule would ensure that criminal records more accurately represent a persons’ offenses and not additional charges.

Job Opportunities Task Force’s Reentry lobby day is coming up next Tuesday on March 8th in Annapolis.
Next Meeting

- Tentatively April 28\textsuperscript{th}, 2pm
- Location to be announced!

- Please sign in on your way out if you have not already!
